SUBJECT INDEX

Note: Abstract Index follows Author Index

A

Acetazolamide
Can the risk of acetazolamide-induced aplastic anemia be decreased by periodic monitoring of blood cell counts? (correspondence), 325

Acquired immunodeficiency syndrome
Atypical retinitis in patients with the acquired immunodeficiency syndrome, 483
Chronic herpes zoster virus keratitis associated with the acquired immunodeficiency syndrome (letter), 556
Orbital pseudotumor in a patient with AIDS (letter), 697

Aging
Juxtapapillary choroidal neovascularization in older patients, 11
Vitreous surgery for hemorrhagic and fibrous complications of age-related macular degeneration, 25

Aldose reductase
Aldose reductase inhibitor (CT-112) eyedrops for diabetic corneal epitheliopathy, 233

Amblyopia
Imaging of cerebral blood flow and metabolism in amblyopia by positron emission tomography, 337

Amiodarone
Amiodarone keratopathy in the donor cornea (letter), 425

Anemia
Can the risk of acetazolamide-induced aplastic anemia be decreased by periodic monitoring of blood cell counts? (correspondence), 325

Anesthesia
Respiratory arrest after two retrobulbar injections (letter), 90

Aneurysm
Dye yellow photocoagulation of retinal arterial macroaneurysms (letter), 97

Angiography
Full-frame angiography for the Zeiss fundus camera (letter), 216

Angioid streaks
A long-term follow-up study of laser coagulation of neovascular membranes in angioid streaks, 299

Angiotensin converting enzyme
Use of an angiotensin converting enzyme inhibitor in ocular hypertension and primary open-angle glaucoma, 674

Anophthalmos
Pyogenic granuloma on a dermis fat graft in acquired anophthalmic orbits (correspondence), 437

Antibiotic drugs
Effects of gentamicin on healing of transdifferentiating conjunctival epithelium in rabbit eyes, 198
Fortified antibiotic ointment in bacterial keratitis, 239

Antibody
Negative antibody response to long-term treatment of facial spasm with botulinum toxin, 313

Antigen
Decreased expression of HLA class II antigens on human uveal melanoma cells after in vivo x-ray irradiation, 78

Apnea
Optic nerve swelling secondary to the obstructive sleep apnea syndrome (letter), 428

Aqueous humor
Prostaglandin $F_{2\alpha}$-1-isopropylester lowers intraocular pressure without decreasing aqueous humor flow, 30

Astigmatism
The effect of radial keratotomy on contrast sensitivity, 651
The effect of suture removal on postkeratoplasty astigmatism, 637
Excimer laser keratectomy for correction of astigmatism, 117

B

***Bacillus* sp.**
Bacillus keratitis associated with contaminated contact lens care systems, 195

Behçet's disease
An HLA-D region restriction fragment associated with refractory Behçet's disease, 528
Immunosuppressive acidic protein in Behçet's disease (letter), 213

Benzalkonium chloride
Toxic endothelial degeneration in ocular surface disease treated with topical medications containing benzalkonium chloride, 670

Beta-blocker
A double-masked comparison of carteolol and timolol in ocular hypertension, 150

***Bipolaris* sp.**
Ocular involvement in mycotic sinusitis caused by *Bipolaris*, 366

Birdshot chorioretinopathy
HLA typing in birdshot chorioretinopathy, 182

Blepharoplasty
Preoperative evaluation of lower eyelid blepharoplasty (letter), 430

Blepharoptosis
A modification in the frontalis suspension procedure (letter), 323
The surgical treatment of blepharoptosis in oculomotor nerve palsy, 57

Blood-aqueous barrier
The blood-aqueous and blood-brain barriers to permeability (editorial), 412

Blood-brain barrier
The blood-aqueous and blood-brain barriers to permeability (editorial), 412

Work, Aging, and Vision, by Working Group on Night Vision, Committee on Vision, Comm. on Behavioral & Social Sci. & Ed., & NRC, 106

Botulinum toxin
Negative antibody response to long-term treatment of facial spasm with botulinum toxin, 313

Brown's syndrome
Brown's syndrome in twins (letter), 562

Bullous keratopathy
Penetrating keratoplasty for pseudophakic bullous keratopathy after extracapsular cataract extraction, 348

C

Calcium
Sustained reduction of intraocular pressure in humans with the calcium channel blocker verapamil, 155

Canaliculus
Canalicular laceration at birth (letter), 322
Hyaluronate in the identification of the cut end in lacerations of the lacrimal canaliculi (letter), 214

***Capnocytophaga* sp.**
Anaerobic *Capnocytophaga* corneal ulcer (letter), 427
Necrotizing keratitis caused by *Capnocytophaga ochracea*, 655

Capsulotomy
Bilateral macular holes after Nd:YAG laser posterior capsulotomy (letter), 417

Carteolol
A double-masked comparison of carteolol and timolol in ocular hypertension, 150

Cataract
A clinical index for predicting visual acuity after cataract surgery, 460
Extracapsular cataract extraction and posterior chamber intraocular lens implantation combined with trabeculectomy in patients with glaucoma (correspondence), 705
Increased intraocular pressure in the immediate postoperative period after extracapsular cataract extraction, 466
Intraocular dapiprazole to reverse mydriasis during extracapsular cataract extraction (letter), 321
Nd:YAG laser photodisruption of the lens nucleus before phacoemulsification (correspondence), 102
Nd:YAG laser photodisruption of the lens nucleus before phacoemulsification (correspondence), 102
Ocular examination before initiation of lovastatin (Mevacor) therapy (letter), 91
Penetrating keratoplasty for pseudophakic bullous keratopathy after extracapsular cataract extraction, 348

Central retinal artery
Visual recovery in combined central retinal artery and central retinal vein occlusion (correspondence), 221

Central retinal vein
Venous stasis retinopathy and Gaisbock's syndrome (letter), 420
Visual recovery in combined central retinal artery and central retinal vein occlusion (correspondence), 221

Chiasm
Chiasmal compression caused by a catheter in the suprasellar cistern (letter), 560

Children
Brown's syndrome in twins (letter), 562
The Lenz microphthalmia syndrome, 40
Linear subcutaneous fat atrophy after corticosteroid injection of periocular hemangiomas, 65
Pupillary testing using the direct ophthalmoscope (letter), 427

***Chlamydia* sp.**
Absence of *Chlamydia* in trachomatous lacrimal sacs, 203

Chorioretinitis
Unusual central chorioretinitis as the first manifestation of early secondary syphilis, 271

Choristoma
Cartilagenous choristoma of the eyelid tarsus (letter), 563

Choroid
Juxtapapillary choroidal neovascularization in older patients, 11
New contact lens for observation and coagulation of the retina and choroid, 479
Safety and effectiveness of magnetic resonance imaging of choroidal melanoma patients with episcleral tantalum rings after proton beam irradiation (letter), 695

Choroiditis
Bilateral diffuse choroiditis and exudative retinal detachments with evidence of Lyme disease (letter), 419

Computed tomography
Right and left views in radiology (letter), 558

Cone
Detection of the carrier state of X-linked retinoschisis, 590

Congenital disorders
Brown's syndrome in twins (letter), 562
Congenital tilted disk syndrome associated with parafoveal subretinal neovascularization (letter), 98

Conjunctiva
Effects of gentamicin on healing of transdifferentiating conjunctival epithelium in rabbit eyes, 198
Incidence of granulomatous lesions in postmortem conjunctival biopsy specimens (correspondence), 438
Limbal- vs fornix-based conjunctival trabeculectomy flaps (correspondence), 100
Limbal- vs fornix-based conjunctival trabeculectomy flaps (correspondence), 219

Contact lens
Bacillus keratitis associated with contaminated contact lens care systems, 195
Infected vs sterile corneal infiltrates in contact lens wearers, 632
Mycobacterium fortuitum keratitis, 661
New contact lens for observation and coagulation of the retina and choroid, 479
Pseudomonas corneal ulcer associated with colored cosmetic contact lenses in an emmetropic individual (letter), 210
Contrast sensitivity
The effect of radial keratotomy on contrast sensitivity, 651
Cornea
An affinity membrane test for superficial corneal herpes (letter), 686
Aldose reductase inhibitor (CT-112) eyedrops for diabetic corneal epitheliopathy, 233
Amiodarone keratopathy in the donor cornea (letter), 425
Anaerobic *Capnocytophaga* corneal ulcer (letter), 427
Changing utilization of donor corneas (letter), 703
Clear graft two years after keratoplasty in nephropathic cystinosis (letter), 318
Corneal fistulas and their management, 626
Corneal infection in mucosal scarring disorders and Sjögren's syndrome, 512
Effects of argon laser iridotomy on the corneal endothelium, 395
Infected vs sterile corneal infiltrates in contact lens wearers, 632
Leukemic corneal infiltrates (letter), 319
Long-term corneal endothelial changes after intraocular lens implantation, 248
Maternal corneal thickness during pregnancy, 258
Mycobacterium fortuitum keratitis, 661
Postkeratoplasty crystalline deposits mimicking bacterial infectious crystalline keratopathy, 70
Presumed autoimmune corneal endotheliopathy, 519
Pseudomonas corneal ulcer associated with colored cosmetic contact lenses in an emmetropic individual (letter), 210
A study of race matching between donor and recipient in corneal transplantation, 646
Use of split-thickness dermal graft in the surgical treatment of corneal and scleral defects, 244
Corrections
Low-contrast letter charts to detect subtle neuropathies, 141; correction, 706
Pathogenesis and therapy of traction detachment in various retinal vascular diseases, 170; correction, 714
Sulfur hexafluoride gas in the repair of intractable Descemet's membrane detachment (letter), **104**:660; correction, 565
Vitrectomy surgery in proliferative sickle retinopathy, **104**:133; correction, 565
Corticosteroid
Linear subcutaneous fat atrophy after corticosteroid injection of periocular hemangiomas, 65
Postkeratoplasty crystalline deposits mimicking bacterial infectious crystalline keratopathy, 70
Cryotherapy
Peripheral retinal cryopexy for subtotal vitreous hemorrhage, 377
Cystinosis
Clear graft two years after keratoplasty in nephropathic cystinosis (letter), 318
Cystoid macular edema
Systemic factors affecting diabetic macular edema (letter), 211
Cytomegalovirus
The risk of cytomegalovirus transmission by penetrating keratoplasty, 357

D

Dapiprazole
Intraocular dapiprazole to reverse mydriasis during extracapsular cataract extraction (letter), 321
Descemet's membrane
Sulfur hexafluoride gas in the repair of intractable Descemet's membrane detachment (letter), **104**:660; correction, 565
Diabetes
Aldose reductase inhibitor (CT-112) eyedrops for diabetic corneal epitheliopathy, 233
Anterior hyaloidal fibrovascular proliferation after diabetic vitrectomy (correspondence), 432
Asymmetric retinopathy in patients with diabetes mellitus, 584
Systemic factors affecting diabetic macular edema (letter), 211
Diabetic retinopathy
Immunohistopathologic findings in proliferative diabetic retinopathy, 383
Peripheral retinal cryopexy for subtotal vitreous hemorrhage, 377
Transient proliferative diabetic retinopathy during intensified insulin treatment, 618
Ultrastructural characteristics of new vessels in proliferative diabetic retinopathy, 491
Diplopia
Monocular diplopia accompanying ordinary refractive errors, 451
Down's syndrome
Infantile glaucoma in Down's syndrome (trisomy 21), 389

E

Editorials
The blood-aqueous and blood-brain barriers to permeability (NOVACK, G. D., and LEOPOLD, I. H.), 412
The Leslie Dana gold medal (DREWS, R. C.), 683
On lectureships in ophthalmology (NEWELL, F. W.), 207
Ophthalmic miniatures (NEWELL, F. W.), 554
The oral examinations of the American Board of Ophthalmology and the Appointment Panel System (BURDE, R. M., and SPENCER, W. H.), 316

To publish in THE JOURNAL (NEWELL, F. W.), 87

Electroretinography
Narrow-band filtering for monitoring low-amplitude cone electroretinograms in retinitis pigmentosa, 500

Endotheliopathy
Presumed autoimmune corneal endotheliopathy, 519

Endothelium
Effects of argon laser iridotomy on the corneal endothelium, 395
Long-term corneal endothelial changes after intraocular lens implantation, 248
Toxic endothelial degeneration in ocular surface disease treated with topical medications containing benzalkonium chloride, 670

Enzyme
Microinfusion of thrombin solution in vitreous surgery (letter), 689
Retinal artery occlusion associated with tranexamic acid therapy (letter), 688

Epikeratophakia
The surgical management of overcorrection in myopic epikeratophakia, 354

Epiretinal membrane
Nuclear sclerosis after vitrectomy for idiopathic epiretinal membranes, 160

Epithelium
Aldose reductase inhibitor (CT-112) eyedrops for diabetic corneal epitheliopathy, 233
Effects of gentamicin on healing of transdifferentiating conjunctival epithelium in rabbit eyes, 198

Esotropia
A reassessment of infantile esotropia. XLIV Edward Jackson memorial lecture, 1

Exenteration
Pasteurella multocida meningitis following orbital exenteration (letter), 698

Eyedrops
Acute psychosis associated with topical cyclopentolate hydrochloride (letter), 91
Aldose reductase inhibitor (CT-112) eyedrops for diabetic corneal epitheliopathy, 233
A double-masked study of timolol and pilocarpine combined (correspondence), 436
Microbial keratitis associated with contaminated ocular medications, 361
Topical timolol-induced arthropathy (letter), 687
Toxic endothelial degeneration in ocular surface disease treated with topical medications containing benzalkonium chloride, 670
Vitamin A eyedrops for superior limbic keratoconjunctivitis, 523

Eyelid
Cartilagenous choristoma of the eyelid tarsus (letter), 563
Eyelid phimosis and chronic radiation dermatitis associated with iridium brachytherapy (letter), 431

F

Fadenoperation
Fadenoperation for the management of complicated incomitant vertical strabismus, 304

Fibrosis
Histopathologic and immunohistopathologic features of subretinal fibrosis and uveitis syndrome (correspondence), 220

Filtering surgery
A randomized study of 5-fluorouracil and filtration surgery (correspondence), 434

Fistula
Corneal fistulas and their management, 626

Fluorescein angiography
Low-dose fluorescein angiography (letter), 690

Fluorouracil
A randomized study of 5-fluorouracil and filtration surgery (correspondence), 434

Forceps
Canalicular laceration at birth (letter), 322

Fovea
Congenital tilted disk syndrome associated with parafoveal subretinal neovascularization (letter), 98
Foveal densitometry in the multiple evanescent white-dot syndrome (letter), 561

G

Ganglioglioma
Ganglioglioma of the optic nerve, 146

Genetics
Cosegregation of X-linked retinitis pigmentosa and hemophilia A, 46
Detection of the carrier state of X-linked retinoschisis, 590
Familial keratoconus (letter), 92
A familial study of the inheritance of HLA-B27-positive acute anterior uveitis, 603
The Lenz microphthalmia syndrome, 40
Twin vessels in von Hippel-Lindau disease, 165

Gentamicin
Effects of gentamicin on healing of transdifferentiating conjunctival epithelium in rabbit eyes, 198
Fortified antibiotic ointment in bacterial keratitis, 239

Glaucoma
Biodegradability of the Krupin-Denver valve (letter), 559
Extracapsular cataract extraction and posterior chamber intraocular lens implantation combined with trabeculectomy in patients with glaucoma (correspondence), 705
Infantile glaucoma in Down's syndrome (trisomy 21), 389
Inflammatory glaucoma associated with Sweet's syndrome (letter), 691
Limbal- vs fornix-based conjunctival trabeculectomy flaps (correspondence), 100
Positional changes in the vasculature of the optic disk in glaucoma (correspondence), 706

Pseudophakic pigmentary glaucoma (letter), 320

Response of blood flow to warm and cold in normal and low-tension glaucoma patients, 35

Surgical treatment of acute glaucomatocyclitic crisis in a patient with primary open-angle glaucoma (letter), 99

Granuloma

Incidence of granulomatous lesions in postmortem conjunctival biopsy specimens (correspondence), 438

Pyogenic granuloma on a dermis fat graft in acquired anophthalmic orbits (correspondence), 437

H

Hemangioma

Linear subcutaneous fat atrophy after corticosteroid injection of periocular hemangiomas, 65

Hemophilia

Cosegregation of X-linked retinitis pigmentosa and hemophilia A, 46

Herpesvirus

An affinity membrane test for superficial corneal herpes (letter), 686

Herpes zoster

Chronic herpes zoster virus keratitis associated with the acquired immunodeficiency syndrome (letter), 556

History of ophthalmology

The Leslie Dana gold medal (editorial), 683

On lectureships in ophthalmology (editorial), 207

HLA

Decreased expression of HLA class II antigens on human uveal melanoma cells after in vivo x-ray irradiation, 78

A familial study of the inheritance of HLA-B27-positive acute anterior uveitis, 603

An HLA-D region restriction fragment associated with refractory Behçet's disease, 528

HLA typing in birdshot chorioretinopathy, 182

Horner's syndrome

Horner's syndrome associated with carotid artery atherosclerosis (letter), 93

Hyperkeratosis

Hyperkeratinization in a rabbit model of meibomian gland dysfunction (letter), 703

Hypertension

Use of an angiotensin converting enzyme inhibitor in ocular hypertension and primary open-angle glaucoma, 674

I

Infants

Infantile glaucoma in Down's syndrome (trisomy 21), 389

A reassessment of infantile esotropia. XLIV Edward Jackson memorial lecture, 1

Injuries

Canalicular laceration at birth (letter), 322

Hyaluronate in the identification of the cut end in lacerations of the lacrimal canaliculi (letter), 214

Insulin

Transient proliferative diabetic retinopathy during intensified insulin treatment, 618

Intraocular foreign body

Ferrous intraocular foreign bodies and magnetic resonance imaging, 398

Magnetic resonance imaging of nonmetallic orbital foreign bodies, 612

Intraocular lens

Effects of yellow filter glasses on the results of photopic and scotopic photometry, 408

Extracapsular cataract extraction and posterior chamber intraocular lens implantation combined with trabeculectomy in patients with glaucoma (correspondence), 705

Long-term corneal endothelial changes after intraocular lens implantation, 248

Intraocular pressure

Biodegradability of the Krupin-Denver valve (letter), 559

Comparison of intraocular pressure measurements with the Oculab Tono-Pen vs manometry in humans shortly after death, 678

A double-masked comparison of carteolol and timolol in ocular hypertension, 150

A double-masked study of timolol and pilocarpine combined (correspondence), 436

The effect of twice daily nadolol on intraocular pressure (correspondence), 435

Increased intraocular pressure in the immediate postoperative period after extracapsular cataract extraction, 466

Inflammatory glaucoma associated with Sweet's syndrome (letter), 691

Prostaglandin $F_{2\alpha}$-1-isopropylester lowers intraocular pressure without decreasing aqueous humor flow, 30

Sustained reduction of intraocular pressure in humans with the calcium channel blocker verapamil, 155

Iridotomy

Effects of argon laser iridotomy on the corneal endothelium, 395

Iris

A new intra-anterior chamber iris suturing method (letter), 701

Ischemia

Ischemic optic neuropathy in sickle cell disease (letter), 212

J

Jackson, Edward

A reassessment of infantile esotropia. XLIV Edward Jackson memorial lecture, 1

K

Keratectomy
Excimer laser keratectomy for correction of astigmatism, 117

Keratitis
Bacillus keratitis associated with contaminated contact lens care systems, 195
Bilateral keratitis as a manifestation of Lyme disease, 75
Chronic herpes zoster virus keratitis associated with the acquired immunodeficiency syndrome (letter), 556
Fortified antibiotic ointment in bacterial keratitis, 239
Microbial keratitis associated with contaminated ocular medications, 361
Mycobacterium fortuitum keratitis, 661
Necrotizing keratitis caused by *Capnocytophaga ochracea*, 655

Keratoconjunctivitis
Vitamin A eyedrops for superior limbic keratoconjunctivitis, 523

Keratoconus
Familial keratoconus (letter), 92

Keratopathy
Amiodarone keratopathy in the donor cornea (letter), 425
Postkeratoplasty crystalline deposits mimicking bacterial infectious crystalline keratopathy, 70

Keratoplasty
Changing utilization of donor corneas (letter), 703
Clear graft two years after keratoplasty in nephropathic cystinosis (letter), 318
The effect of suture removal on postkeratoplasty astigmatism, 637
Postkeratoplasty crystalline deposits mimicking bacterial infectious crystalline keratopathy, 70
A study of race matching between donor and recipient in corneal transplantation, 646

L

Lacrimal apparatus
Absence of *Chlamydia* in trachomatous lacrimal sacs, 203
Hyaluronate in the identification of the cut end in lacerations of the lacrimal canaliculi (letter), 214

Laser
Bilateral macular holes after Nd:YAG laser posterior capsulotomy (letter), 417
Dye yellow photocoagulation of retinal arterial macroaneurysms (letter), 97
Effects of argon laser iridotomy on the corneal endothelium, 395
Excimer laser keratectomy for correction of astigmatism, 117
A long-term follow-up study of laser coagulation of neovascular membranes in angioid streaks, 299
Nd:YAG laser photodisruption of the lens nucleus before phacoemulsification (correspondence), 102
Nd:YAG laser photodisruption of the lens nucleus before phacoemulsification (correspondence), 102

Lens
Nd:YAG laser photodisruption of the lens nucleus before phacoemulsification (correspondence), 102
Nd:YAG laser photodisruption of the lens nucleus before phacoemulsification (correspondence), 102
Nuclear sclerosis after vitrectomy for idiopathic epiretinal membranes, 160

Leukemia
Leukemic corneal infiltrates (letter), 319
Leukemic involvement of the optic nerve, 294

Lovastatin
Ocular examination before initiation of lovastatin (Mevacor) therapy (letter), 91

Lyme disease
Bilateral diffuse choroiditis and exudative retinal detachments with evidence of Lyme disease (letter), 419
Bilateral keratitis as a manifestation of Lyme disease, 75

Lymphocyte
Detection of lymphocytes in the vitreous gel of patients with retinitis pigmentosa, 596

M

Macula
Bilateral macular holes after Nd:YAG laser posterior capsulotomy (letter), 417
Photocoagulation treatment of radiation retinopathy, 470
Systemic factors affecting diabetic macular edema (letter), 211
Vitrectomy for impending idiopathic macular holes, 371
Vitreous surgery for hemorrhagic and fibrous complications of age-related macular degeneration, 25

Magnetic resonance imaging
Ferrous intraocular foreign bodies and magnetic resonance imaging, 398
Incidence of subcortical lesions not increased in nonarteritic ischemic optic neuropathy on magnetic resonance imaging (correspondence), 324
Magnetic resonance imaging of nonmetallic orbital foreign bodies, 612
Right and left views in radiology (letter), 558
Safety and effectiveness of magnetic resonance imaging of choroidal melanoma patients with episcleral tantalum rings after proton beam irradiation (letter), 695

Meetings, Conferences, Symposia
Ocular Microbiology and Immunology Group: 22nd annual meeting (FRIEDLAENDER, M.), 327

Meibomian gland
Hyperkeratinization in a rabbit model of meibomian gland dysfunction (letter), 703

Melanoma
Decreased expression of HLA class II antigens on human uveal melanoma cells after in vivo x-ray irradiation, 78
Quantitation of tumor seeding from fine needle aspiration of ocular melanomas, 538
Safety and effectiveness of magnetic resonance imaging of choroidal melanoma patients with episcleral tantalum rings after proton beam irradiation (letter), 695

Meningitis
Pasteurella multocida meningitis following orbital exenteration (letter), 698

Microbial keratitis
Corneal infection in mucosal scarring disorders and Sjögren's syndrome, 512

Microphthalmia
The Lenz microphthalmia syndrome, 40

Microscopy
Use of specular photomicrography with a new type of film (letter), 217

Migraine
Response of blood flow to warm and cold in normal and low-tension glaucoma patients, 35

Multiple evanescent white-dot syndrome
Foveal densitometry in the multiple evanescent white-dot syndrome (letter), 561

***Mycobacterium* sp.**
Mycobacterium fortuitum keratitis, 661

Mydriasis
Intraocular dapiprazole to reverse mydriasis during extracapsular cataract extraction (letter), 321

Myopia
The effect of radial keratotomy on contrast sensitivity, 651
The surgical management of overcorrection in myopic epikeratophakia, 354

N

Nadolol
The effect of twice daily nadolol on intraocular pressure (correspondence), 435

Neovascularization
Congenital tilted disk syndrome associated with parafoveal subretinal neovascularization (letter), 98
Juxtapapillary choroidal neovascularization in older patients, 11
A long-term follow-up study of laser coagulation of neovascular membranes in angioid streaks, 299
Role of the vitreous in branch retinal vein occlusion, 20

Nephropathy
Bilateral anterior uveitis and interstitial nephritis, 534

O

Obituaries
Dische, Zacharis 1896–1988 (NEWELL, F. W.), 570

Oblique muscle
The diagnosis and treatment of bilateral masked superior oblique palsy, 186

Ocular toxicity
Nitrous oxide warning (letter), 688
Ocular examination before initiation of lovastatin (Mevacor) therapy (letter), 91
Retinal artery occlusion associated with tranexamic acid therapy (letter), 688
Toxic endothelial degeneration in ocular surface disease treated with topical medications containing benzalkonium chloride, 670

Oculomotor nerve
The surgical treatment of blepharoptosis in oculomotor nerve palsy, 57

Open-angle glaucoma
Surgical treatment of acute glaucomatocyclitic crisis in a patient with primary open-angle glaucoma (letter), 99
Use of an angiotensin converting enzyme inhibitor in ocular hypertension and primary open-angle glaucoma, 674

Ophthalmoscopy
Pupillary testing using the direct ophthalmoscope (letter), 427

Optic disk
Congenital tilted disk syndrome associated with parafoveal subretinal neovascularization (letter), 98
Positional changes in the vasculature of the optic disk in glaucoma (correspondence), 706

Optic nerve
Ganglioglioma of the optic nerve, 146
Leukemic involvement of the optic nerve, 294
Optic nerve swelling secondary to the obstructive sleep apnea syndrome (letter), 428

Optic neuropathy
Incidence of subcortical lesions not increased in nonarteritic ischemic optic neuropathy on magnetic resonance imaging (correspondence), 324
Irregular pupil cycling as a characteristic abnormality in patients with demyelinative optic neuropathy, 402
Ischemic optic neuropathy in sickle cell disease (letter), 212
Low-contrast letter charts to detect subtle neuropathies, 141; correction, 706

Orbit
Magnetic resonance imaging of nonmetallic orbital foreign bodies, 612
Maternal orbital hematoma associated with labor, 547
Orbital pseudotumor in a patient with AIDS (letter), 697
Orbital roof fracture with ocular herniation (letter), 700
Pasteurella multocida meningitis following orbital exenteration (letter), 698
Pyogenic granuloma on a dermis fat graft in acquired anophthalmic orbits (correspondence), 437

Traumatic orbital decompression (letter), 699

P

Papilledema
Enlargement of the blind spot caused by papilledema, 261
***Pasteurella* sp.**
Pasteurella multocida meningitis following orbital exenteration (letter), 698
Penetrating keratoplasty
Penetrating keratoplasty for pseudophakic bullous keratopathy after extracapsular cataract extraction, 348
The risk of cytomegalovirus transmission by penetrating keratoplasty, 357
Phacoemulsification
Nd:YAG laser photodisruption of the lens nucleus before phacoemulsification (correspondence), 102
Nd:YAG laser photodisruption of the lens nucleus before phacoemulsification (correspondence), 102
Photocoagulation
Dye yellow photocoagulation of retinal arterial macroaneurysms (letter), 97
A long-term follow-up study of laser coagulation of neovascular membranes in angioid streaks, 299
New contact lens for observation and coagulation of the retina and choroid, 479
Photocoagulation treatment of radiation retinopathy, 470
Pigment dispersion syndrome
Pseudophakic pigmentary glaucoma (letter), 320
Pigment epithelium
Pigmentary changes in acquired retinoschisis, 291
Pilocarpine
A double-masked study of timolol and pilocarpine combined (correspondence), 436
Plasminogen
Recombinant tissue plasminogen activator to lyse experimentally induced retinal arterial thrombi, 266
Positron emmission tomography
Imaging of cerebral blood flow and metabolism in amblyopia by positron emission tomography, 337
***Propionibacterium* sp.**
Propionibacterium acnes lens abscess after traumatic implantation of intralenticular cilia (letter), 423
Prostaglandin
Prostaglandin $F_{2\alpha}$-1-isopropylester lowers intraocular pressure without decreasing aqueous humor flow, 30
Pseudoexfoliation
Pupillary dilation in eyes with pseudoexfoliation syndrome (letter), 692
***Pseudomonas* sp.**
Fortified antibiotic ointment in bacterial keratitis, 239
Pseudomonas corneal ulcer associated with colored cosmetic contact lenses in an emmetropic individual (letter), 210
Pupil
Irregular pupil cycling as a characteristic abnormality in patients with demyelinative optic neuropathy, 402
Pupillary dilation in eyes with pseudoexfoliation syndrome (letter), 692
Pupillary testing using the direct ophthalmoscope (letter), 427

R

Radial keratotomy
The effect of radial keratotomy on contrast sensitivity, 651
Radiation therapy
Eyelid phimosis and chronic radiation dermatitis associated with iridium brachytherapy (letter), 431
Safety and effectiveness of magnetic resonance imaging of choroidal melanoma patients with episcleral tantalum rings after proton beam irradiation (letter), 695
Rectus muscle
Fadenoperation for the management of complicated incomitant vertical strabismus, 304
Refraction
Acute psychosis associated with topical cyclopentolate hydrochloride (letter), 91
Monocular diplopia accompanying ordinary refractive errors, 451
Retina
Dye yellow photocoagulation of retinal arterial macroaneurysms (letter), 97
Histopathologic and immunohistopathologic features of subretinal fibrosis and uveitis syndrome (correspondence), 220
New contact lens for observation and coagulation of the retina and choroid, 479
Pathogenesis and therapy of traction detachment in various retinal vascular diseases, 170; correction, 714
A proposed mild type of acute retinal necrosis syndrome, 579
Recombinant tissue plasminogen activator to lyse experimentally induced retinal arterial thrombi, 266
The relation of rhodopsin and scotopic retinal sensitivity in sector retinitis pigmentosa, 132
Retinal artery occlusion associated with tranexamic acid therapy (letter), 688
Role of the vitreous in branch retinal vein occlusion, 20
A simple extrusion needle with flexible cannula tip for vitreoretinal microsurgery (letter), 215
Visual recovery in combined central retinal artery and central retinal vein occlusion (correspondence), 221
Retinal detachment
Anterior proliferative vitreoretinopathy, 277
Bilateral diffuse choroiditis and exudative retinal detachments with evidence of Lyme disease (letter), 419

Pathogenesis and therapy of traction detachment in various retinal vascular diseases, 170; correction, 714
Presumed thrombotic thrombocytopenic purpura associated with bilateral serous retinal detachments (letter), 421
Scintillating scotoma after retinal detachment surgery (letter), 94
Retinal pigment epithelium
The pathogenesis of tears of the retinal pigment epithelium, 285
Retinitis
Atypical retinitis in patients with the acquired immunodeficiency syndrome, 483
Retinitis pigmentosa
Clinical findings and common symptoms in retinitis pigmentosa, 504
Cosegregation of X-linked retinitis pigmentosa and hemophilia A, 46
Detection of lymphocytes in the vitreous gel of patients with retinitis pigmentosa, 596
Narrow-band filtering for monitoring low-amplitude cone electroretinograms in retinitis pigmentosa, 500
The relation of rhodopsin and scotopic retinal sensitivity in sector retinitis pigmentosa, 132
Sensorineural hearing loss in patients with typical retinitis pigmentosa, 125
Retinopathy
Asymmetric retinopathy in patients with diabetes mellitus, 584
Photocoagulation treatment of radiation retinopathy, 470
Solar retinopathy in persons on religious pilgrimage (letter), 95
Venous stasis retinopathy and Gaisbock's syndrome (letter), 420
Vitrectomy surgery in proliferative sickle retinopathy, **104**:133; correction, 565
Retinoschisis
Detection of the carrier state of X-linked retinoschisis, 590
Pigmentary changes in acquired retinoschisis, 291
Retrobulbar space
Respiratory arrest after two retrobulbar injections (letter), 90
Rod
Detection of the carrier state of X-linked retinoschisis, 590

S

Sarcoidosis
Incidence of granulomatous lesions in postmortem conjunctival biopsy specimens (correspondence), 438
Sclera
Predictors of scleral rupture and the role of vitrectomy in severe blunt ocular trauma, 253
Scleromalacia associated with Vogt-Koyanagi-Harada syndrome (letter), 694
Use of split-thickness dermal graft in the surgical treatment of corneal and scleral defects, 244
Scotoma
Enlargement of the blind spot caused by papilledema, 261
Scintillating scotoma after retinal detachment surgery (letter), 94
Sickle cell trait
Ischemic optic neuropathy in sickle cell disease (letter), 212
Sjögren's syndrome
Corneal infection in mucosal scarring disorders and Sjögren's syndrome, 512
Sodium hyaluronate
Hyaluronate in the identification of the cut end in lacerations of the lacrimal canaliculi (letter), 214
***Staphylococcus* sp.**
Intraocular *Staphylococcus aureus* abscess masquerading as chronic uveitis (letter), 555
Strabismus
Fadenoperation for the management of complicated incomitant vertical strabismus, 304
Sulfur hexafluoride
Sulfur hexafluoride gas in the repair of intractable Descemet's membrane detachment (letter), **104**:660; correction, 565
Surgery
A simple extrusion needle with flexible cannula tip for vitreoretinal microsurgery (letter), 215
Suture
The effect of suture removal on postkeratoplasty astigmatism, 637
A new intra-anterior chamber iris suturing method (letter), 701
Syphilis
Unusual central chorioretinitis as the first manifestation of early secondary syphilis, 271

Inflammatory glaucoma associated with Sweet's syndrome (letter), 691
Intraocular *Staphylococcus aureus* abscess masquerading as chronic uveitis (letter), 555

V

Verapamil
Sustained reduction of intraocular pressure in humans with the calcium channel blocker verapamil, 155
Visual acuity
An analysis of the effect of intravitreal blood on visual acuity (correspondence), 218
A clinical index for predicting visual acuity after cataract surgery, 460
Visual disturbance
Solar retinopathy in persons on religious pilgrimage (letter), 95
Visual loss
Visual recovery in combined central retinal artery and central retinal vein occlusion (correspondence), 221
Visual pathway
Chiasmal compression caused by a catheter in the suprasellar cistern (letter), 560
Vitamin
Vitamin A eyedrops for superior limbic keratoconjunctivitis, 523
Vitrectomy
Anterior hyaloidal fibrovascular proliferation after diabetic vitrectomy (correspondence), 432
Nuclear sclerosis after vitrectomy for idiopathic epiretinal membranes, 160
Predictors of scleral rupture and the role of vitrectomy in severe blunt ocular trauma, 253
Vitrectomy for impending idiopathic macular holes, 371
Vitrectomy surgery in proliferative sickle retinopathy, **104**:133; correction, 565
Vitreoretinopathy
Anterior proliferative vitreoretinopathy, 277
Vitreous
An analysis of the effect of intravitreal blood on visual acuity (correspondence), 218
Detection of lymphocytes in the vitreous gel of patients with retinitis pigmentosa, 596
Microinfusion of thrombin solution in vitreous surgery (letter), 689
Pathogenesis and therapy of traction detachment in various retinal vascular diseases, 170; correction, 714
Peripheral retinal cryopexy for subtotal vitreous hemorrhage, 377
Role of the vitreous in branch retinal vein occlusion, 20
A simple extrusion needle with flexible cannula tip for vitreoretinal microsurgery (letter), 215
Vitreous surgery for hemorrhagic and fibrous complications of age-related macular degeneration, 25

Central serous chorioretinopathy
Krypton and argon laser photocoagulation for central serous chorioretinopathy, 230

Chiasm
Gliomas of the optic nerve or chiasm. Outcome by patients' age, tumor site, and treatment, 710

***Chlamydia* sp.**
Diagnosis of ophthalmia neonatorum, 331

Choroid
Computer-aided volume measurement of choroidal melanomas, 571
Intraocular reticulum cell sarcoma: diagnosis by choroidal biopsy, 572

Choroiditis
Characterization of the choroidal mast cell, 713

Cocaine
Bilateral optic neuropathy and osteolytic sinusitis. Complications of cocaine abuse, 445

Collagen
Collagen distribution in the lamina cribrosa and the trabecular meshwork of the human eye, 572

Computed tomography
CT demonstration of extraocular muscle atrophy, 709

Congenital disorders
Treatment of retinal detachment with congenital optic pit by krypton laser photocoagulation, 108

Conjunctiva
The efficacy of conjunctival biopsy as a screening technique in lysosomal storage disorders, 713

Contrast sensitivity
Contrast sensitivity, acuity, and the perception of 'real-world' targets, 572

Cornea
HIV antibody screening of corneal donors, 229
In vivo effects of 5-FU on ocular surface epithelium following corneal wounding, 228
Morphological changes in the human corneal epithelium associated with surgical corneal clouding, 571
Survival of corneal endothelium in McCarey-Kaufman (M-K) medium subjected to agitation, 571

***Cuterebra* sp.**
Cutaneous myiasis of the eyelid due to *Cuterebra* larva, 109

D

Diabetes
Function of the diabetic retina after panretinal argon laser coagulation, 332

Diabetes mellitus
Are continuing studies of metabolic control and microvascular complications in insulin-dependent diabetes mellitus justified?, 575
Progression of diabetic retinopathy after pancreas transplantation for insulin-dependent diabetes mellitus, 574

Diabetic retinopathy

Morphological changes in the human corneal epithelium associated with surgical corneal clouding, 571

Ethambutol
Toxic ocular effects of ethambutol, 108

Exfoliation syndrome
Exfoliation syndrome in enucleated haemorrhagic and absolute glaucoma, 331

Eyelid
Cutaneous myiasis of the eyelid due to *Cuterebra* larva, 109
Eyelid reconstruction in pachydermoperiostosis, 576

Eyeshields
Light transmission of phototherapy eyeshields, 227

F

Fluorouracil
5-Fluorouracil for trabeculectomy in glaucoma, 332
In vivo effects of 5-FU on ocular surface epithelium following corneal wounding, 228

Fovea
Isolated foveal hypoplasia, 572

Fundus flavimaculatus
Non-Hodgkin's lymphoma causing fundus picture simulating fundus flavimaculatus, 447

G

Galactosemia
Galactose tolerance in patients with atopic cataracts, 107

Ganglioside
Ganglioside administration in retinitis pigmentosa, 573

Heparin
Heparin therapy for recent transient focal cerebral ischemia, 333

HIV
HIV antibody screening of corneal donors, 229
Human immunodeficiency virus transmission by organ donation, 111
Infection of the retina by human immunodeficiency virus type I, 334

I

Infants
Diagnosis of ophthalmia neonatorum, 331
Injuries
Retinal photic injury in normal and scorbutic monkeys, 713
Solar radiation and age-related macular degeneration, 711
Intraocular pressure
Some observations on the relation between intraocular pressure reduction and the progression of glaucomatous visual loss, 227
Ischemia
Acute "upside down" reversal of vision in transient vertebrobasilar ischemia, 110
Anterior segment ischaemia following laser photocoagulation in a patient with systemic lupus erythematosus, 709
Heparin therapy for recent transient focal cerebral ischemia, 333
Oxygen therapy and intraocular oxygenation, 712

K

Kearns-Sayre syndrome
CT demonstration of extraocular muscle atrophy, 709

L

Lamina cribrosa
Collagen distribution in the lamina cribrosa and the trabecular meshwork of the human eye, 572
Laser
Anterior segment ischaemia following laser photocoagulation in a patient with systemic lupus erythematosus, 709
A comparative study between the PAM and the laser interferometer in cataracts, 332
Function of the diabetic retina after panretinal argon laser coagulation, 332
Krypton and argon laser photocoagulation for central serous chorioretinopathy, 230
Safety of high-energy neodymium:YAG laser pulses in YAG sclerostomy, 445
Safety parameters for avoiding acute ocular damage from the reflected CO_2 (10 μm) laser beam, 445
Treatment of retinal detachment with congenital optic pit by krypton laser photocoagulation, 108
Lithium carbonate
Potentiation by light of lithium-induced retinal injury in rats, 334
Lymphoma
Non-Hodgkin's lymphoma causing fundus picture simulating fundus flavimaculatus, 447
Progressive loss of vision in patients with high-grade non-Hodgkin's lymphoma, 331
Lysosomal storage disease
The efficacy of conjunctival biopsy as a screening technique in lysosomal storage disorders, 713

M

Macula
A simple clinical method of assessing patients with optic nerve hypoplasia. The disc-macula distance to disc diameter ratio (DM/DD), 443
Solar radiation and age-related macular degeneration, 711
Magnetic resonance imaging
Down-beat nystagmus. Case report with magnetic resonance imaging and surgical treatment, 446
Magnetic resonance imaging of the optic nerve in optic neuritis, 574
Melanoma
Bilateral melanocytic uveal tumors associated with systemic non-ocular malignancy, 230
Characterisation of ocular melanoma with cutaneous melanoma antibodies, 444
Computer-aided volume measurement of choroidal melanomas, 571
Methylcellulose
Comparison of sodium hyaluronate and methylcellulose in extracapsular cataract extraction, 331
Multiple sclerosis
Risk of developing multiple sclerosis after uncomplicated optic neuritis: a long-term prospective study, 574
Muscles
CT demonstration of extraocular muscle atrophy, 709
Myopia
Cataract: the relation between myopia and cataract morphology, 107

N

***Neisseria* sp.**
Diagnosis of ophthalmia neonatorum, 331
Neonates
Neonatal anesthesia, 334
Nystagmus
Down-beat nystagmus. Case report with magnetic resonance imaging and surgical treatment, 446

O

Oblique muscle
Inferior oblique recession to the (adjacent) vortex vein. A report of 341 operations, 444
Occlusion
Severe visual loss resulting from occlusion therapy for amblyopia, 228
Ocular toxicity
Reversible ocular toxicity related to tamoxifen therapy, 709
Toxic ocular effects of ethambutol, 108
Ophthalmia neonatorum
Diagnosis of ophthalmia neonatorum, 331
Prophylaxis of gonococcal and chlamydial ophthalmia neonatorum, 711

Ophthalmopathy
Minimal thyroid ophthalmopathy, 229
Ophthalmoplegia
Adult onset supranuclear ophthalmoplegia, cerebellar ataxia, and neurogenic proximal muscle weakness in a brother and sister: another hexosaminidase A deficiency syndrome, 110
Opthalmomyiasis
Cutaneous myiasis of the eyelid due to *Cuterebra* larva, 109
Optic disk
Optic disc drusen and episodic visual loss, 228
A simple clinical method of assessing patients with optic nerve hypoplasia. The disc-macula distance to disc diameter ratio (DM/DD), 443
Optic nerve
Anaesthesia and septo-optic dysplasia, 571
Gliomas of the optic nerve or chiasm. Outcome by patients' age, tumor site, and treatment, 710
Magnetic resonance imaging of the optic nerve in optic neuritis, 574
Optic nerve decompression in osteopetrosis, 710
A simple clinical method of assessing patients with optic nerve hypoplasia. The disc-macula distance to disc diameter ratio (DM/DD), 443
Ten years without orbital optic nerve: late clinical results after removal of retrobulbar gliomas with preservation of blind eyes, 709
Treatment of retinal detachment with congenital optic pit by krypton laser photocoagulation, 108
Optic neuritis
Magnetic resonance imaging of the optic nerve in optic neuritis, 574
Risk of developing multiple sclerosis after uncomplicated optic neuritis: a long-term prospective study, 574
Optic neuropathy
Bilateral optic neuropathy and osteolytic sinusitis. Complications of cocaine abuse, 445
Orbit
Ten years without orbital optic nerve: late clinical results after removal of retrobulbar gliomas with preservation of blind eyes, 709
Oscillopsia
Still another cause of monocular oscillopsia, 107
Osteopetrosis
Optic nerve decompression in osteopetrosis, 710

P

Parkinson's disease
Ganzfeld electroretinographic findings in parkinsonism: untreated patients and the effect of levodopa intravenous infusion, 109
Phenylephrine
Phenylephrine-induced reversible cataract in the mouse, 229
Photocoagulation
Anterior segment ischaemia following laser photocoagulation in a patient with systemic lupus erythematosus, 709
Krypton and argon laser photocoagulation for central serous chorioretinopathy, 230
Photoreceptor cell
In vitro model of retinal photoreceptor differentiation, 713
Positron emission tomography
Cerebral metabolism and patterned visual stimulation: A positron emission tomograhic study of the human visual cortex, 574
Posterior capsule
Cytological factors relating to posterior capsule opacification following cataract surgery, 444

R

Retina
Function of the diabetic retina after panretinal argon laser coagulation, 332
Infection of the retina by human immunodeficiency virus type I, 334
In vitro model of retinal photoreceptor differentiation, 713
Lipofuscin autofluorescence: evidence for vitamin A involvement in the retina, 110
Neuro-ophthalmological complications of coronary artery bypass graft surgery, 227
Potentiation by light of lithium-induced retinal injury in rats, 334
Retinal photic injury in normal and scorbutic monkeys, 713
Retinal detachment
Maternal ocular adaptations during pregnancy, 111
Prenatal diagnosis of retinal detachment in Walker-Warburg syndrome, 443
Treatment of retinal detachment with congenital optic pit by krypton laser photocoagulation, 108
Retinal pigment epithelium
Retinal pigmented epithelial cells induced to transdifferentiate to neurons by laminin, 333
Retinitis pigmentosa
Ganglioside administration in retinitis pigmentosa, 573
RP cone-rod degeneration, 712
Retinoblastoma
Deletion (13) (q14.1q14.3) in two generations. Variability of ocular manifestations and definition of the phenotype, 443
Detection of submicroscopic deletions and a DNA polymorphism at the retinoblastoma locus, 108
Prediction of the risk of hereditary retinoblastoma, using DNA polymorphisms within the retinoblastoma gene, 447
Retinopathy
Dose relationships in patients with early chloroquine retinopathy, 110
Maternal ocular adaptations during pregnancy, 111
Peripheral proliferative retinopathies, 228
Retinopathy of prematurity
Screening criteria for the detection of retinopathy of prematurity in patients in a neonatal intensive care unit, 228

S

Sarcoma
Intraocular reticulum cell sarcoma: diagnosis by choroidal biopsy, 572
Sclerostomy
Safety of high-energy neodymium:YAG laser pulses in YAG sclerostomy, 445
Scotoma
Some observations on the relation between intraocular pressure reduction and the progression of glaucomatous visual loss, 227
Sickle cell trait
Oxygen therapy and intraocular oxygenation, 712
Sodium hyaluronate
Comparison of sodium hyaluronate and methylcellulose in extracapsular cataract extraction, 331
Statistical analysis
Eyes or patients? Traps for the unwary in the statistical analysis of ophthalmological studies, 444

T

Tamoxifen
Reversible ocular toxicity related to tamoxifen therapy, 709
Tears
A new hypothesis on tear film stability, 230
Trabecular meshwork
Collagen distribution in the lamina cribrosa and the trabecular meshwork of the human eye, 572
Trabeculectomy
5-Fluorouracil for trabeculectomy in glaucoma, 332
Trauma
The blood-retinal barrier in Berlin's edema, 711
Tumor
Bilateral melanocytic uveal tumors associated with systemic non-ocular malignancy, 230

U

Uvea
Bilateral melanocytic uveal tumors associated with systemic non-ocular malignancy, 230

V

Vernal conjunctivitis
Efficacy of antiprostaglandin therapy in vernal conjunctivitis, 227
Visual acuity
A comparative study between the PAM and the laser interferometer in cataracts, 332
Contrast sensitivity, acuity, and the perception of 'real-world' targets, 572
Visual cortex
Cerebral metabolism and patterned visual stimulation: A positron emission tomograhic study of the human visual cortex, 574
Visual disturbance
Acute "upside down" reversal of vision in transient vertebrobasilar ischemia, 110
Visual-evoked potential
Are flash-evoked visual potentials useful for intraoperative monitoring of visual pathway function?, 446
Visual field
Neuro-ophthalmological complications of coronary artery bypass graft surgery, 227
Visual loss
Optic disc drusen and episodic visual loss, 228
Progressive loss of vision in patients with high-grade non-Hodgkin's lymphoma, 331
Severe visual loss resulting from occlusion therapy for amblyopia, 228
Some observations on the relation between intraocular pressure reduction and the progression of glaucomatous visual loss, 227
Visual pathway
Are flash-evoked visual potentials useful for intraoperative monitoring of visual pathway function?, 446
Visual perception
Perception of shape from shading, 446
Vitamin
Lipofuscin autofluorescence: evidence for vitamin A involvement in the retina, 110

W

Walker-Warburg syndrome
Prenatal diagnosis of retinal detachment in Walker-Warburg syndrome, 443
